

Everything seems to work, but this pop-up isn't necessary

The screenshot shows the Pilcrow web application interface. The browser address bar displays `54.191.55.223:3000/projects`. The application has a dark sidebar with navigation links: Dashboard, Project Management (selected), Repairs, and Administration. The main content area is titled 'Tools' and includes a 'Save to .xlsx' button and a '+/- Categories' button. A 'Filter Criteria' section is visible above an 'Asset' table. The 'Asset' table has columns: Unique Id, Location, photo, sign-off, assessment, and Location. The table contains several rows of data, including unique IDs and location details.

Overlaid on the interface are two dialog boxes. The top dialog box, titled 'Categories', contains a list of categories with checkboxes: 'Installation Company Name' (checked), 'Installation Team Name' (unchecked), and 'Store Manager' (checked). The bottom dialog box is a notification titled '54.191.55.223:3000 says: Data Saved'. It includes a checkbox labeled 'Prevent this page from creating additional dialogs.' which is unchecked, and an 'OK' button. A red arrow points from the text 'Everything seems to work, but this pop-up isn't necessary' to the notification dialog box.

Can we dynamically reorder the columns? Also,
can the columns have the option of sorting
hierarchal (Ascending or Descending)?

The screenshot shows a web application interface for 'PILCROW'. The browser address bar displays '54.191.55.223:3000/projects#'. The interface includes a sidebar with icons for a globe, a folder, a wrench, and a bar chart. The main content area has a header with 'Tools' and 'Filter Criteria' dropdowns, and a section titled 'Asset' containing a table. A red arrow points to the table header.

Export to .xlsx doesn't work

The image shows a web application interface with a dark sidebar and a light main content area. The sidebar contains the following menu items: Dashboard, Project Management (highlighted), Repairs, and Administration. The main content area has a top navigation bar with 'Edit profile' and 'Logout' links. Below this, there's a 'Tools' section with two buttons: 'Save to .xlsx' and '+/- Categories'. A red arrow points from the 'Save to .xlsx' button to a second browser window. This second window shows an error message: 'We're sorry, but something went wrong. If you are the application owner check the logs for more information.' The browser's address bar in the second window shows '54.191.55.223:3000/projects.xlsx'.

54.191.55.223:3000/projects.xlsx

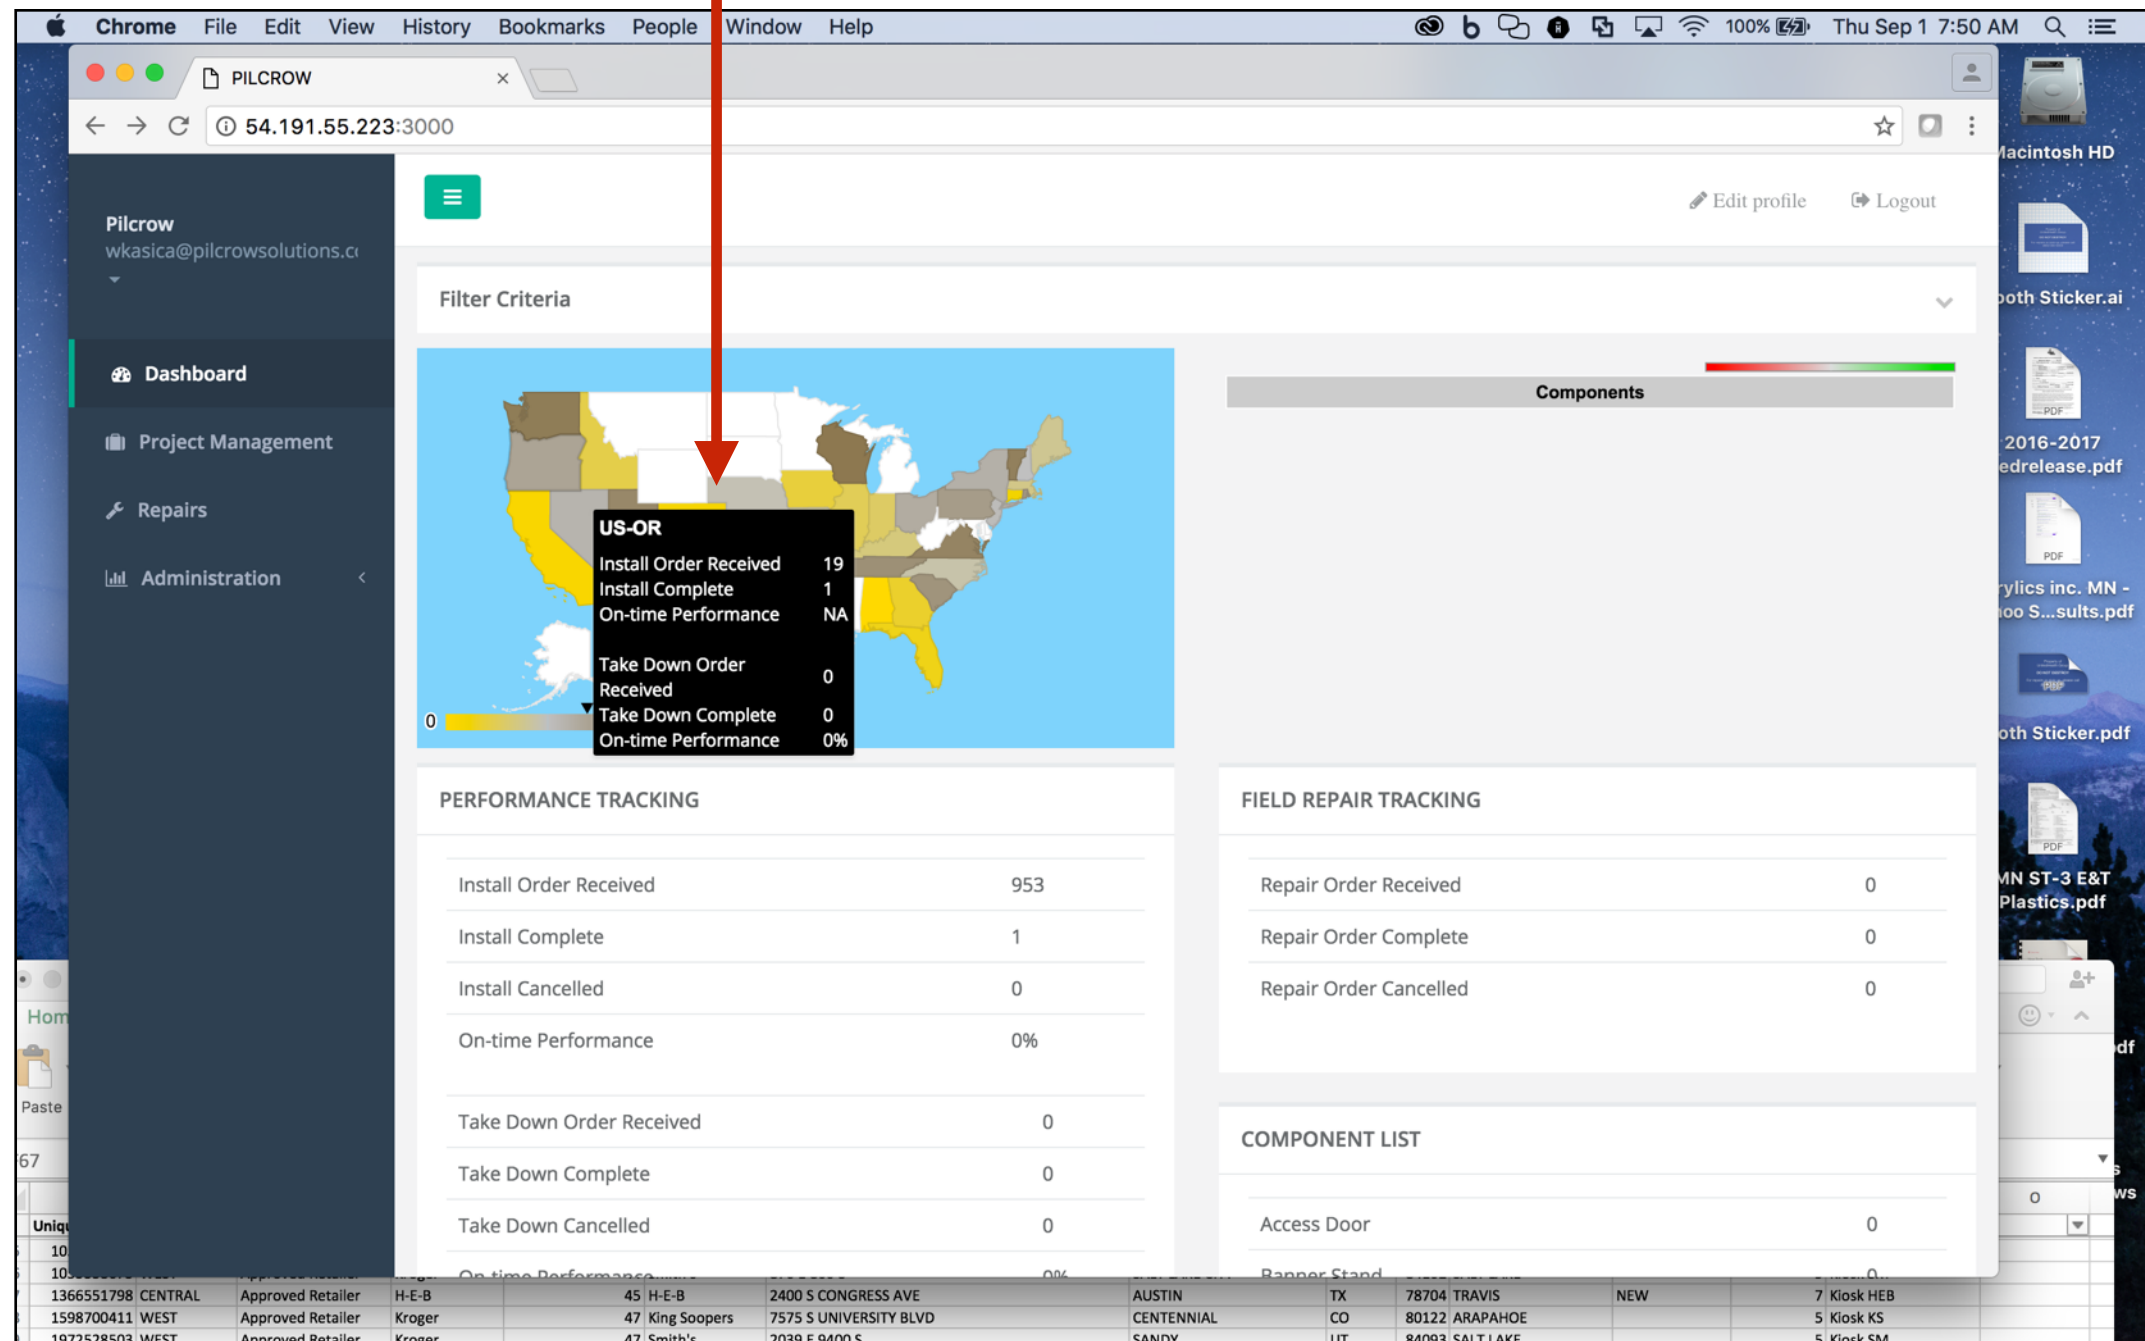

All filter criteria should have drop down for choices. This should be hierarchal in nature. For instance, if a “Year” is select then only “Programs” for the that year are display and only “Projects” for that “Year and Program” selected are displays...and so on.

The screenshot shows a web application interface for Pilcrow. The left sidebar contains navigation links: Dashboard, Project Management (highlighted), Repairs, and Administration. The main content area has a 'Tools' section with a 'Filter Criteria' panel. This panel includes dropdown menus for 'Years' (set to 'program') and 'Project' (set to 'Project'), along with 'Asset Name', 'Asset Number', and an 'APPLY' button. Two red arrows point from the text above to the 'Years' and 'Project' dropdowns. Below the filter panel is an 'Asset' table with 13 columns: Unique Id, Status, Address, City, State, Asset Type, Combo, Installation Company Name, Store Manager, Schedule Install, Actual Install, Asset Number, and photo. The table contains five rows of data.

Unique Id	Status	Address	City	State	Asset Type	Combo	Installation Company Name	Store Manager	Schedule Install	Actual Install	Asset Number	photo

I will need to test IVR in more detail. It appears work but will need some fine tuning. One big issue is that the system doesn't seem to discern between "Assessment", "Repair", or "Refurb" for "Asset Components"

Appears updating is working (for test of one site). How does on-time performance calculate?

Filter and Status Update are working

The screenshot displays the Pilcrow Project Management web application. The browser address bar shows the URL `54.191.55.223:3000/projects`. The left sidebar contains navigation links: Dashboard, Project Management (highlighted), Repairs, and Administration. The main content area includes a 'Tools' section, a 'Filter Criteria' section with dropdowns for 'Years', 'program', 'Project', and 'Asset Name' (set to '900105'), and an 'APPLY' button. Below the filters is an 'Asset' table with columns: Unique Id, Status, Address, City, State, Asset Type, Combo, Installation Company Name, Store Manager, Schedule Install, Actual Install, and Asset Number. The first row of data shows a unique ID of 1225074768, a status of 'installation_complete', and an address of 16301 SE 82ND DR. A red arrow points from the text 'Filter and Status Update are working' to the 'Asset Name' filter dropdown and the 'Status' column header in the table.

Only "Desk Leg" should have a "Condition" of "Damaged". The rest should be "Confirmed OK".

The screenshot shows the Pilcrow web application interface. The browser address bar displays the URL `54.191.55.223:3000/projects`. The application has a dark sidebar with navigation links: Dashboard, Project Management, Repairs, and Administration. The main content area is titled 'Asset' and features a tabbed interface with 'Assessment' selected. Below the tabs is a table with the following data:

Component	Date & Time	Created By	Condition	Image	Recording	Notes
Feet	07:42 AM - Thursday 01 September, 2016		Confirmed OK	0	0	0
Panel - Side	07:42 AM - Thursday 01 September, 2016		Confirmed OK	0	0	0
Panel - Access Door	07:42 AM - Thursday 01 September, 2016		Confirmed OK	0	0	0
Panel - Access Door	07:42 AM - Thursday 01 September, 2016		Confirmed OK	0	0	0
Desk Leg	07:42 AM - Thursday 01 September, 2016		Damaged	0	1	0

This should only say "1" image not "2"

The screenshot shows a web application interface for Pilcrow. The browser address bar displays the URL `54.191.55.223:3000/projects`. The application has a dark sidebar with navigation links: Dashboard, Project Management, Repairs, and Administration. The main content area is titled 'Asset' and features a tabbed interface with 'Assessment' selected. Below the tabs is a table with the following data:

Component	Date & Time	Created By	Condition	Image	Recording	Notes
Feet	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Panel - Side	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Panel - Access Door	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Panel - Access Door	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Desk Leg	07:42 AM - Thursday 01 September, 2016		Damaged	2	1	0
Desk Leg Hinge	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Access Door	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Counter Top - Latch	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Conter Top - Hinge	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0
Brochure Holder Rod	07:42 AM - Thursday 01 September, 2016		Damaged	0	0	0

The 'Image' column for the 'Desk Leg' row is highlighted with a red arrow. The 'Recording' column for the same row contains the value '1'. The footer of the application displays 'Copyright Pilcrow © 2016-2017'.

Adding “Notes” works fine under assessment

The screenshot shows the Pilcrow web application interface. A modal window titled "Notes" is open, allowing the user to add a new note. The modal contains a text input field labeled "Enter a note", a green "Save" button, and a table of existing notes. The table has columns for "Notes", "Created By", and "Date & Time". Each row includes a red "Delete" button. The background shows a sidebar with navigation links: Dashboard, Project Management, Repairs, and Administration. The main content area displays a table with assessment data, including columns for "assessment" and "Location".

Incorrect Data

The screenshot shows a web browser window with the URL `54.191.55.223:3000/projects`. The application is titled "Pilcrow" and the user is logged in as `wkasica@pilcrowsolutions.c`. The left sidebar contains navigation links: "Dashboard", "Project Management", "Repairs", and "Administration". The main content area displays an "Asset" form. The form has the following fields:

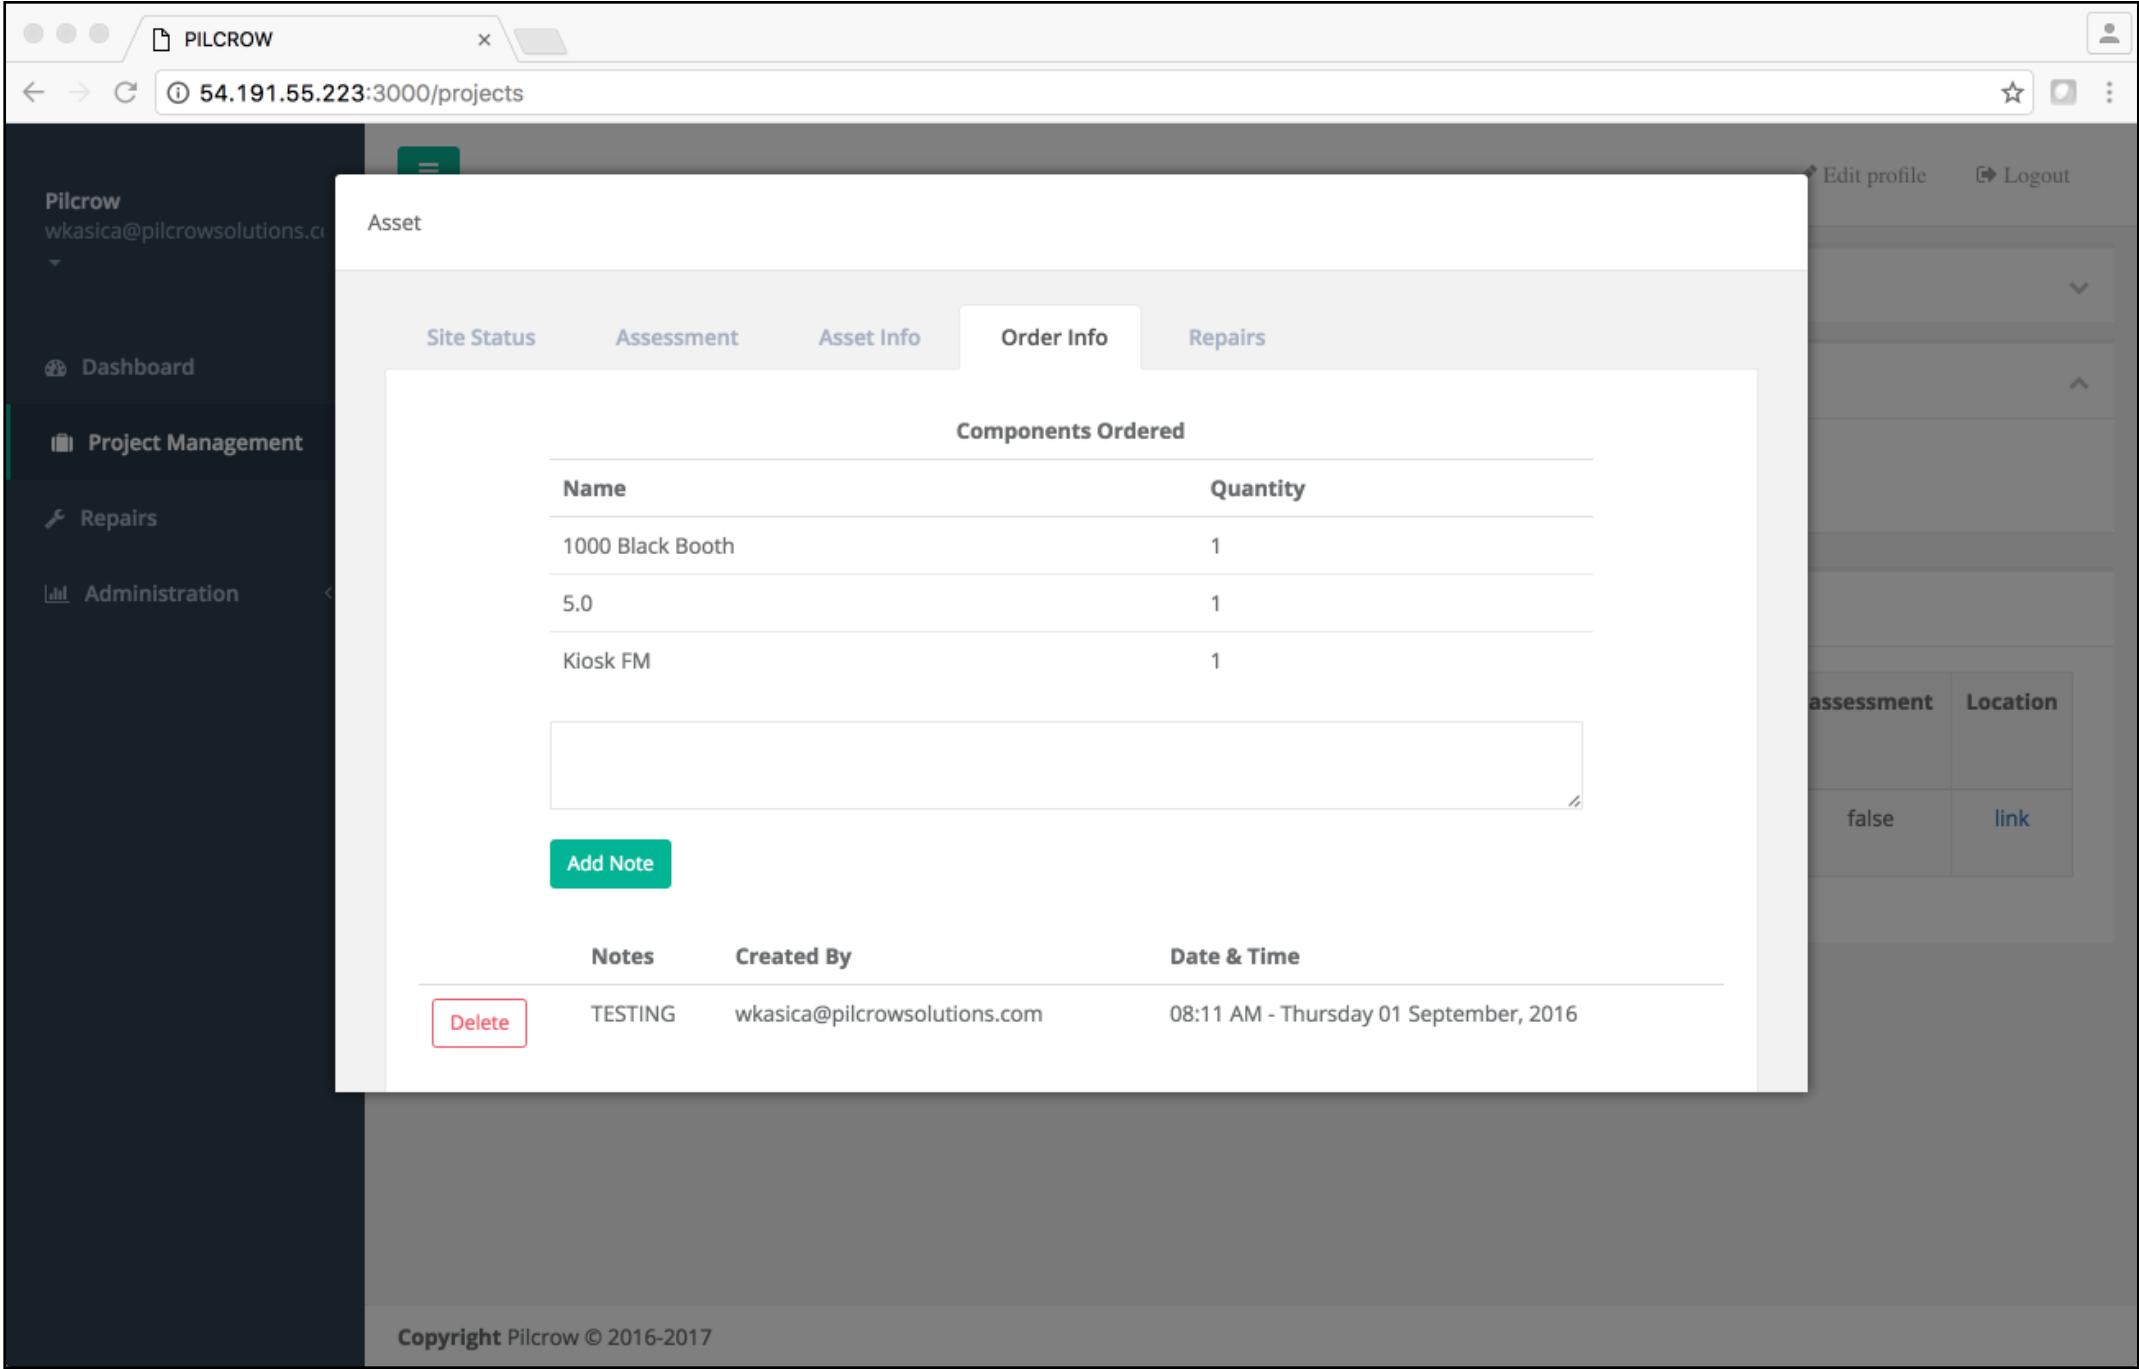

- Project**: Phase 1 Install
- State**: in_warehouse_ready
- Installation Company**: Blue Streak Couriers
- Installation Team**: (empty)
- De-installation Company**: Blue Streak Couriers
- De-installation Team**: NEW
- Asset Tag Number**: 900105
- Bar code Number**: (empty)
- Lock Combination**: (empty)
- Asset type**: 1001
- Asset State**: in_warehouse_ready
- Location Name**: Fred Meyer

A red box highlights the "Installation Company", "Installation Team", "De-installation Company", and "De-installation Team" fields. A red arrow points from the text "Incorrect Data" to the "Project" field. Another red arrow points from the text "Lock Combination should be filled in" to the "Lock Combination" field. A third red arrow points from the text "Status should be updated to 'In Location'" to the "Asset State" field. A green "Save" button is located at the bottom right of the form.

Lock Combination should be filled in

Status should be updated to "In Location"

After testing the information on Asset 900105 the sort no longer seems to work. I logged out and logged back in but it still is not functioning.

The screenshot displays the Pilcrow Project Management web application. The left sidebar contains navigation links for Dashboard, Project Management (active), Repairs, and Administration. The top header shows the user's email (wkasica@pilcrowsolutions.ci) and options to Edit profile or Logout. The main content area features a 'Tools' section and a 'Filter Criteria' section. The 'Filter Criteria' section includes dropdowns for '2016', 'program', 'Project', and 'Asset Name', with '900105' selected in the 'Asset Name' dropdown. An 'APPLY' button is next to the dropdowns. Below the filter criteria is an 'Asset' table with 12 columns: Unique Id, Status, Address, City, State, Asset Type, Combo, Installation Company Name, Store Manager, Schedule Install, Actual Install, and Asset Number. The table contains 6 rows of data, all with a status of 'installation_order_received'.
