CHAITANYA ALLU

Plot No 116, Ayyappa Society, Madhapur, Hyderabad, Telangana 500081
Email: chaitanyaallu1605@gmail.com
Cell: 9703045663

Professional Summary

Skills

Ruby on Rails, SQL, Web development, HTML, CSS, JavaScript, JQuery, C, Java

Work History

Software Engineer Intern (01/2016 to 05/2016)
MAQ Software – Hyderabad

I worked on front end and some back end on a data analytics project, where our team was working with the sales data of a big company. I was given the tasks visualizing the summarized data for the business stakeholders to understand. I worked with libraries developed in situ, Javascript and Jquery for that.
(**Technologies/Languages:** HTML, CSS, JavaScript, JQuery, SQL Server)

Software Development Engineer (07/2016 to Current)
Crypsis Technologies/Devathon – Hyderabad

Project1:
A website backed with Ruby on Rails with different roles for an user like Administrator, Client and Partner with different permissions for viewing and modifying data. It is internal to the client's company. It needed background jobs to process different sets of data and sending emails and such. I also worked with AWS for hosting server(EC2 Instance) and S3 buckets for storing our data. It also had a component where stakeholders call a phone number and update certain data. I did the entire set up for that IVR using a cloud telephony service called Twilio.

(**Technologies/Languages:** HTML, CSS, Bootstrap, JQuery, Javascript, Ruby on Rails, AWS, Carrierwave,Sidekiq for background jobs, Twilio TwiML for telephonic services).

Project2:
REST API services for an Android app. I got to use Facebook's API to get the list of users using our app. Basically, users post some products and other users can ask for a review for a product among their friends (facebook friends).

(**Technologies/Languages:** Ruby on Rails, AWS, Firebase, FCM, HTML,CSS, JavaScript, JQuery).

Education

B.Tech (ICT), 2016 (CGPA 6.75)
